## SPRING RETRACTORS

All products are manufactured in the USA at our Irwindale facility. We produce top quality products, made to last.  
All products are built in-house and are tailored to each of our customers' needs.

### Spring Retractor

CNI Manufacturing's Standard Spring Retractor offers a compact and durable solution for managing fueling hoses and EV charging cables. Designed to improve safety and efficiency, this retractor keeps lines neatly elevated and protected from damage

### Heavy Duty Spring Retractor

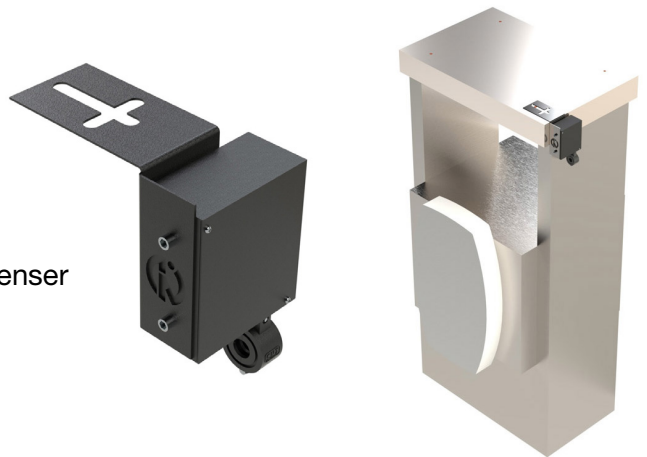

Engineered for demanding environments, the Heavy Duty Spring Retractor is built to manage large, heavy-duty cables and hoses — including liquid-cooled charging cables and oversized fueling hoses. Its rugged design and reliable performance make it ideal for high-capacity fueling or EV infrastructure applications.

### Mounting Bracket

Designed specifically for fueling dispensers, this bracket offers flexibility and stability for top-mounted applications.

- Allows spring retractor to be mounted on top of a fueling dispenser
- Multiple mounting configurations: face, side, or under-canopy
- Durable construction for long-term outdoor use
- Compatible with Encore 700 and similar dispensers

Easy to install and adjust for optimal placement

## COUNTER WEIGHT RETRACTORS

All products are manufactured in the USA at our Irwindale facility. We strive to produce top quality products made to last. All products are built in house and are tailored to each of our customers needs.

### Square Post Counter Weight Retractors

- 2" x 2" square, 6" long extruded aluminum post with a hard coat clear anodized finish for superior corrosion resistance.
- Fixed head assembly made from cast aluminum with a burnished clear finish and a 2" labeling area.
- 1-3/4" solid square bar counterweight for balanced, smooth retraction.
- Flush mount and foot brackets for secure installation.
- 3/16" nylon accessory cord runs through a deep-groove pulley system with replaceable eyelet to prevent slippage and ensure reliable operation.
- Cord extends at a 45° angle to minimize friction, improving longevity.
- Steel counterweight pulleys feature self-lubricating bronze bushings for smooth performance.
- Hose clamp assembly included for quick setup.

Round Post Retractor

● ROUND POST

### Commercial Round Post Retractor

Commercial Counterweight Retractor is a heavy-duty hose management solution for high clearance vehicle fueling.

- Cast aluminum swivel head with 320 degrees of rotation
- 2" SCH40 steel round pipe
- self-lubricating bronze bushings
- 1-3/4" round counterweight provides consistent tension for retraction.
- Ground anchor coupling base for stability
